# Til læreren

Bogen "MatematikKatten – Monsterjagt talrækken 1-10" er første bog i serien om talrækken, og er lavet til elever, der oplever, at matematikken er i vanskeligheder. Elever som oplever, at matematikken er i vanskeligheder, har brug for genkendelighed og gentagelser. Bogen byder derfor på mange gentagelser samt genkendelighed, der gør denne bog anvendelig for elever der oplever, at matematikken er i vanskeligheder. I de første par opgaver får eleven ligeledes støtte af en tallinje, så eleven ikke skal bruge energi på, at kigge på en anden tallinje. Opgaverne stiger stille og roligt i sværhedsgraden, hvor eleven i de første par opgaver kun skal finde et tal, for så til slut at skulle finde 6 tal.

Tallene er skrevet på den måde eleverne ofte selv vil skrive dem, det gør, derfor materialet genkendeligt for eleverne.

Rigtig god fornøjelse med bogen.

## **Om Matematik i vanskeligheder**

Matematik i vanskeligheder laver produkter samt undervisningsmaterialer til elever, som oplever at matematikken er i vanskeligheder. Jeg arbejder ud fra en positiv filosofi om, at det er matematikken, som er i vanskeligheder og ikke den enkelte elev.
