Til læreren

Hftet ”Matematikk-katten Minus Nivå 1” er første hefte i serien om minus, og er laget til elever som opplever at matematikken kan være vanskelig. Elever som føler at matematikk er vanskelig trenger at oppgavene er lett gjenkjennelige og har mange gjentakelser. Dette heftet har derfor lette oppgaver og mange like oppgaver. .

God fornøyelse med heftet.

Om ”Matematik i vanskeligheder”:

”Matematik i vanskeligheder” er dansk og lager produkt og undervisningsmateriell til elever som opplever at matematikk er vanskelig. Det jobbes ut fra en positiv filosofi om at det er matematikken som er problematisk, og ikke at eleven selv har et problem.
