Mange elever oplever, at matematikken er i vanskeligheder.

Elever som oplever, at matematikken er i vanskeligheder, har brug for genkendelighed og gentagelser.

Jeg har derfor lavet disse tal til ophæng i klassen.

Fordelene ved materialet "10'er Tal ophæng" er følgende:

- Nemt og overskueligt
- Eleverne kan læse navnet på tallet
- Eleverne bliver ikke forvirret af for mange forskellige symboler for tallet

Rigtig god fornøjelse.
